

Pop-up shop – Newport

Newport is a customer we have been helping for many years with printed media for their shops! This year we were asked to help them with a pop-up shop. A shop that is set up for a limited time, in this case a Christmas shop!

From an empty shop to a fully fitted shop in just a few days. The products we used were window fittings that looked like red curtains. Gold texts with the name Newport Christmas Shop and signs for special offers.

We also created the exclusive sign above the checkout with gold text in 3D.

We have a good relationship with GigantPrint, that's important when things have to move quickly! They step up to the plate when we have opportunities for similar projects.
